

November 2024

Pause for a mini celebration.

Team Elena brings to you
the first progress update
about your future home.

RESIDENCES

Hello,

Hope you are having a good day.
We are quite happy to announce
that your home construction is
progressing well, and on schedule.

We would also like to assure you
that we are taking care of every
little detail, passionately and
patiently. Like you, we believe in a
no-compromise policy when it
comes to quality and comfort.

November 2024 Progress Update

Milestone Achieved: Raft Foundation for Tower B Completed!

We are excited to share that the raft foundation for Tower B has been successfully completed, marking a significant step forward in the construction of Lansum Elena Residences.

Work on the raft foundation for Tower A is also progressing well, with steel reinforcement underway and concreting scheduled to begin this month.

What is a Raft Foundation?

A raft foundation is a large, solid slab of reinforced concrete that supports the entire weight of a building. It spreads the building's load evenly across the ground, ensuring stability and strength.

This foundation is a critical component of the construction process, providing the base upon which the entire structure will rise.

Its completion marks a significant step toward the vertical development of your future home.

Why is this milestone significant?

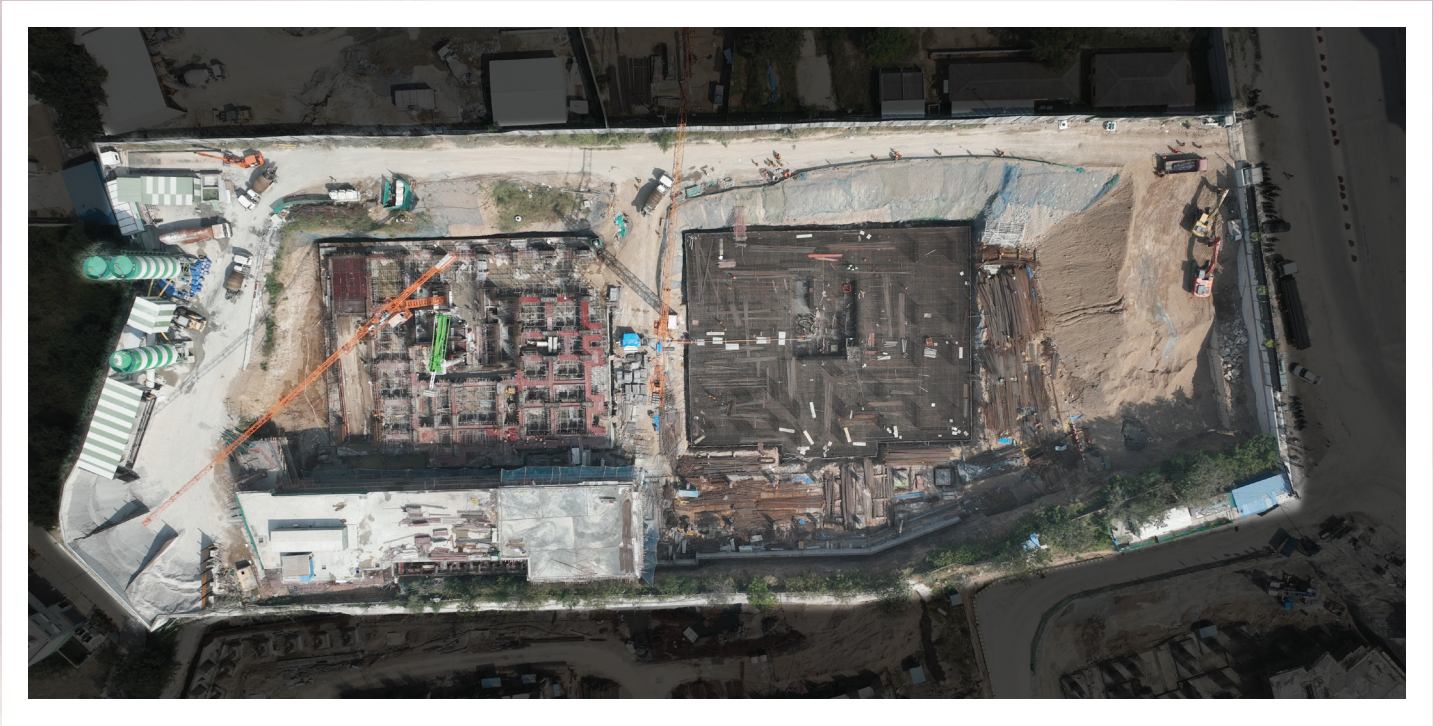

Completing the raft foundation is a key achievement that paves the way for the next stages of construction. Here's why it's important:

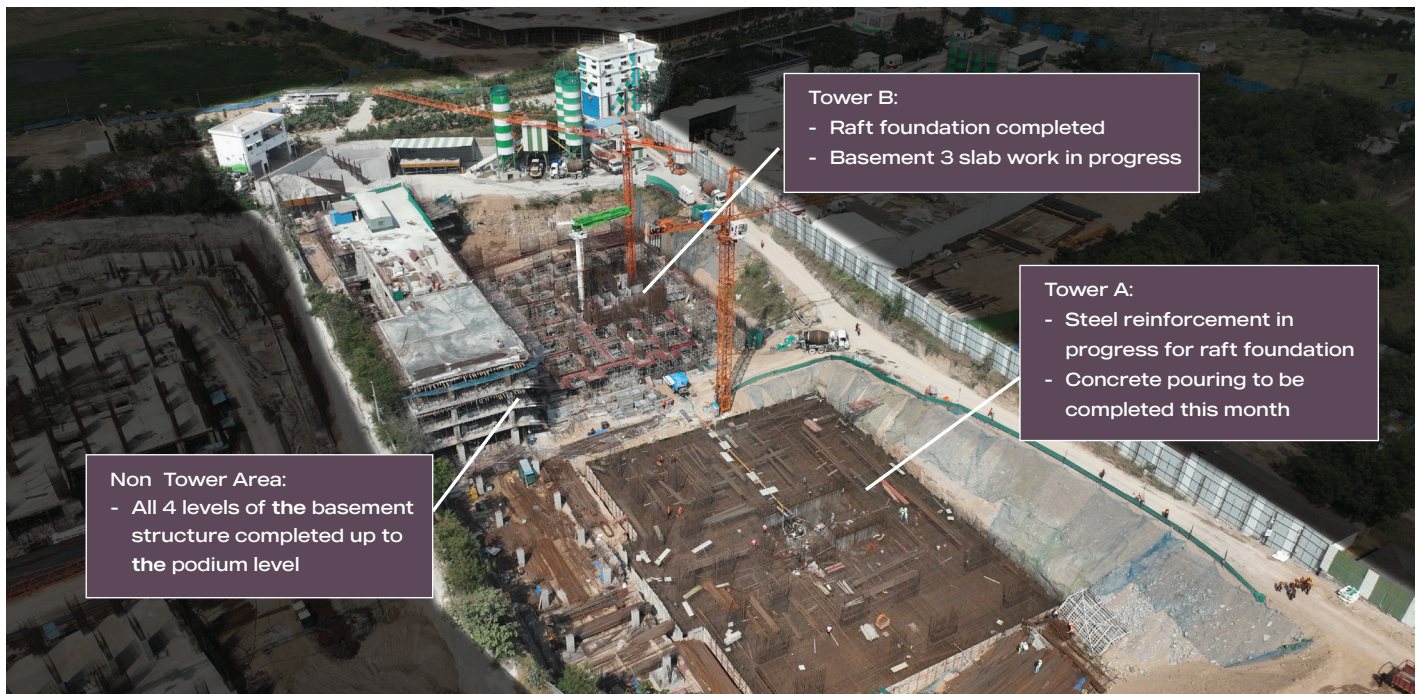

- **Structural Stability:** It ensures the building has a strong and stable base.
- **Precision Engineering:** Represents months of careful planning and execution.
- **Next Steps Unlocked:** With the raft foundation complete, work on the core structure can now begin.

What's Next?

- **Tower A:** Completing the raft foundation with concrete pouring.
- **Tower B:** Work on the basement floor structures.

Site overview

If you have any questions, feedback, or simply want to chat with our team about your future home, please feel free to reach out. Together, we're creating something extraordinary, and we can't wait to welcome you to the Lansum Elena Residences community.

And do expect timely updates from us.
